

Scope and Sequence

Course/Subject: Math

Grade Level: 2nd

Month	Unit Title	Standards	Acceptable Evidence (Transfer Task)
September-October	Unit 1	<ul style="list-style-type: none">• Represent and solve problems involving addition and subtraction• Use place value understanding and properties of operations to perform multi-digit arithmetic.• Work with equal groups of objects to gain foundations for multiplication• Understand place value• Use place value understanding and properties of operations to add and subtract	Hands-on Activities Differentiated Math Centers Formative Quizzes Summative Tests
October-November	Unit 2	<ul style="list-style-type: none">• Represent and solve problems involving addition and subtraction• Add and subtract within 20• Understand Place value• Use place value understanding and properties of operations to add and subtract• Work with time and money	Hands-on Activities Differentiated Math Centers Formative Quizzes Summative Tests
December	Unit 3	<ul style="list-style-type: none">• Add and subtract within 20• Understand Place value• Use place value understanding and properties of operations to add and subtract• Measure and estimate lengths in standard units• Represent and interpret data• Reason with shapes and their attributes	Hands-on Activities Differentiated Math Centers Formative Quizzes Summative Tests

January - March	Unit 4	<ul style="list-style-type: none"> ● Represent and solve problems involving addition and subtraction ● Add and subtract within 20 ● Understand place value ● Use place value understanding and properties of operations to add and subtract ● Measure and estimate lengths in standard units ● Relate addition and subtraction to length ● Work with time and money 	<p>Hands-on Activities Differentiated Math Centers Formative Quizzes Summative Tests</p>
March - April	Unit 5	<ul style="list-style-type: none"> ● Represent and solve problems involving addition and subtraction ● Add and subtract within 20 ● Understand place value ● Use place value understanding and properties of operations to add and subtract ● Work with time and money ● Represent and interpret data ● Reason with shapes and their attributes 	<p>Hands-on Activities Differentiated Math Centers Formative Quizzes Summative Tests</p>
May	Unit 6	<ul style="list-style-type: none"> ● Represent and solve problems involving addition and subtraction ● Understand place value ● Use place value understanding and properties of operations to add and subtract ● Work with time and money 	<p>Hands-on Activities Differentiated Math Centers Formative Quizzes Summative Tests</p>
