

Lakeland Area Consortium - Academic and Career Planning

Arbor Vitae-Woodruff Elementary - North Lakeland - Lac du Flambeau - Minocqua J1 - Lakeland Union High School

Academic and Career Planning (ACP) for students in grades 6-12 is a requirement for all Wisconsin public school districts. The process engages students in activities to strengthen their academic, career and social-emotional readiness for life after high school. In an attempt to ensure that our students are provided with opportunities that are aligned as they transition from one of the elementary schools to the high school, the Lakeland Consortium has identified the following outline. Each district will identify how they can best meet the needs of their students in these areas.
